No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this approved medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Character Building!

It is surprising how many good traits of character one may have. The possession of a Bank Account has a tendency to cultivate more.

Decision of having a bank account is one, and the persistency to keep it is another.

So when we offer to start an account with you, you have the opportunity to start, Thrift of Character. Thrift is highly commendable.

Come in and talk to us and make the start at saving.

LIVINGSTON

Master of Trains Maris, was in Cincinnati Monday.—Mrs. Ed Woodall, of London, has been visiting Mrs. J. P. E. Drummond.—Uncle George Pope remains just about the same.—Mrs. R. A. Whitehead went to Mt. Vernon Tuesday.—Oh, such delightful weather. Ground hog day passed off and we know he saw his shadow for it was a beautiful day. But we do not believe he has any thing to do with the weather.

The talk of moving the dispatchers is still in the air, and it would not surprise us to see them go.—Mrs. Georgia McClure is getting along nicely with her school.—The Masons have held one meeting in their new hall and it is simply o. k.—Capt Bentley tells us he is making a very vigorous campaign and that he expects to win the nomination hands down; that he expects to sit in the next Legislature and help make the laws. He says he was converted when W. O. Bradley was elected Governor of Kentucky and has never scratched

a ticket since. He was raised a farmer and later developed into a mechanic, is a carpenter and a tractor and a fine political speaker, and will begin his campaign in earnest; that he intends to carry the campaign even into the enemy's own locality, and when the roll is called on voting on a bill he will answer, A. N. Bentley. So boys, you are all my friends, and I would dislike very much to see any one of you beat, but you had better get your fighting clothes on. I am not in this fight as I am a hard shell Democrat. But if I see I can start a political row, then I will do all I can to pay some of the Republicans back that start trouble in the Democratic ranks.

Dr. C. T. Blanford, of LaFollette, Tenn., is visiting his son, C. A. Blanford, of this place.—Mrs. H. H. Bourne, of Junction City, has returned home after a visit of a week with her son, A. W. Bourne.—H. Bower, of London, was here Saturday.—The little Adams and Baker boys that got so badly burned are getting better.—Ed Woodall, of London, was in town Tuesday.—F. L. Thompson, the good natured salesman, was in town Monday; there are few better men than "F. L." and we are always glad to see him come.—Joe Omary has returned from Louisville.—Miss Bertie Robinson of the Gault section, is visiting Miss Leila Mullins, of this place.—Miss Lida Cook is visiting a Miss Eubanks in Cincinnati this week.—W. R. Dillion, of London, was here Tuesday.—Mrs. W. M. Sams went to Pittsburgh Tuesday to visit home folks.—Mrs. R. J. Lemons has returned from London in perfect health.—Dr. Amv has his store room about done.—L. G. Falin has been repairing his property.—Conley, tie inspector, for Aaron Lord Tie Co., was here from London Tuesday.—Logan, William and Moses Westerfield, three bright little boys of L. M. Westerfield, have returned from Lebanon Junction and Stanford where they have been visiting for the past week.—Mrs. Nora Jenkins is in Paris visiting her sister, Mrs. Ed Quinn.—Cam Mullins has just returned from Ohio and other places and while he was gone visited the Penitentiary. Cam says it is an awful place to have to be sent to. Well, we will take his word for it as we do not wish to learn by experience.—Some time ago several of the citizens purchased coal from some boys here which is claimed was taken from the rail road company's premises and the purchasers were arraigned in court here Tuesday for the offense. One man was fined \$2.50. Now they will try Circuit Court to see whether the law, or ordinance is valid or not. Atty. C. C. Williams has been employed by the defendants and County Attorney S. D. Lewis will take care of the other side, two shrewd lawyers, and we look for a lively

law suit. On last Wednesday George and John Mounce came to the depot and claimed they had a trunk there but had forgotten to bring their duplicate check. When the agent told them he could not deliver the trunk to them without the check, George got mad and began to use all kinds of language, which would not sound good in print. He swore that on the arrival of 22, he would whip the agent, but when 22 whistled they beook themselves home. The next morning the agent got a warrant for them and Lee Johnson took the papers and went and arrested Mounce who gave bond; and that night made good his escape. It is said they walked to Mt. Vernon and boarded the train between two days. No wonder Livingston has such a name when we have such as this to contend with.

PINE HILL.

Mr. Hutchcraft and a party from Louisville are here looking over Col. August's land with the prospect of putting in a cement plant.—The rail road surveyors are still here.—Mrs. W. M. Doan returned to her home at Corbin Sunday, accompanied by her sister and mother-in-law.—Henry McFerron returned from Oklahoma Sunday.—Miss Mayme McHargie was at home Sunday from Livingston.—Mr. and Mrs. V. P. Freeman were visiting relatives in Mt. Vernon last of the week.—Mrs. Leoma Padgett, who has been visiting her parents, Mr. and Mrs. J. M. Ballard, returned to her home in Indiana Sunday.—Pierce Cottongim L. & N. brakeman, was at home Friday until Sunday.—Josh Lunce, of Cary, is visiting his parents this week.—Mrs. Belle Kincer, who has been on the sick list for some time is slowly improving.

Mrs. R. A. Welch visited her mother, Mrs. Dolan, this week.—W. M. McHargie is on a business trip through Laurel county this week.—Miss Provie Overbey was in Pine Hill Wednesday.—Mr. and Mrs. Cottongim gave a social Saturday night in honor of Mr. Pierce Cottongim and Miss Mayme McHargie. All report a nice time.—G. B. Johnson was here Sunday between trains.

Brother Jones will fill his regular appointment at the Baptist church Saturday night Sun lay and Sunday night.—Born to the wife of Thomas Hansel a fine girl on the 8th.

Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out.

Things get started in the wrong direction.

Something is needed to check disease and start the system in the right direction toward health.

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes' work in a whole day. I suffered intense pains in my left side and under the left shoulder blade. I could not sleep on the left side, and was so short of breath that I thought I should never be able to take a full breath again. The least exertion would bring on the most distressing palpitation. I had scarcely taken a half-bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."

Adams' store after business hours but as they were very liberal with the Judge and took it in such small amounts, that it took some time for him and his clerk, W. M. Rowe, to get up their suspicion. Judge Adams is pretty sure he has the lad spotted, but as yet has never divulged the name. He is waiting further developments.

The latest and most improved manner of catching thieves is to place a few stove pipe along their path for them to run over, and when practicable place the pipe at the head of the "longest" flight of steps in the house so when it starts to fall, will go to the bottom. Ask Judge Adams and Bill Rowe how it works.

County Court Clerk S. F. Bowman is certainly proving himself a faithful and efficient clerk, and the splendid arrangement of his office, he deserves much credit. He has supplied file boxes for every kind of papers, and all papers in the office have been put in the proper place, so that now, those who have papers there can go and find them and it only requires a few moments to do it. It has required no little effort to put the office in the condition which he now has it, and it affords us much pleasure to be able to pay him this just and deserving compliment. The records of the county clerks office mean too much to each citizen individually and the county as a whole, for the records not to be carefully preserved

TELEPHONE HINTS:—Two or three turns of crank by local subscribers is sufficient to throw "drop" at central. After ringing wait some ten seconds before ringing again, giving operator time to answer. Violent or prolonged ringing is not necessary. When you wish to make two or more calls tell operator so when first call is made; it helps things along faster. The telephone under various conditions is a nerve racking institution and users as well as operators, should curb their tempers. The operator has the hardest part to contend with answering hundreds of calls, many of them unreasonable and exacting. If all users would study just a little bit, the directions and advice found in telephone directories the service would be improved and be more satisfactory to all concerned.

To build a big store, first build a big merchant. Emerson said that "an institution was but the lengthened shadow of one man." A store is no greater than its owner. It will grow up to the stature of his biggest ideas, but no larger. Every store in this town is growing up to its owner's size. So no matter how small it is to day it will become as big as he determines it shall be. For your "natural merchant" is a big advertiser. He may be able just now to use but a small space, but he is getting ready to use a big space. And he uses the small space persistently, making the advertising as inevitable a part of his expense as anything else—and aiming at a constant expansion of the space used. That sort of merchant will build a big store—for he is, potentially, a big merchant already.

Sheriff T. J. Niceley and Deputy Cam Mullins, had an experience at the St. Charles hotel, Hamilton O., which they do not care to have repeated. They were in search of some parties charged with misdemeanors and had gone to Hamilton to locate them. In the hotel gas is used for lighting purposes, and when they retired, they turned off the gas in the usual way. In a short time a porter came to their room to investigate about the escape of the gas, but Messrs Niceley and Mullins as well as the porter, feeling sure after investigation, that every thing was alright, the porter went on about his business and Niceley and Mullins went off to sleep. In about an hour a policeman and the porter again came to their room, this time to find Mr. Mullins partially under the influence. It was after some effort that they were able to arouse him. Up to this time it had no effect on Sheriff Niceley. A physician said that in thirty minutes longer, Mr. Mullins would have been so for gone that it would have been impossible to have revived him. On investigation it was learned that less than six months ago two men were found dead in this same room from asphyxiation. It was an experience that neither Mr. Niceley or Mr. Mullins wants to have repeated.

WOMAN'S CLUB NOTES.

The Woman's Club continues to grow both in interest and membership. Each and every meeting is well attended.

The Club holds two business and one social meeting each month.

The January social meeting with Mrs. Watson, deserves especial mention, in that it was a "good roads" program. Great enthusiasm was shown by the number of gentlemen present, and the responses to calls for speeches were general.

Prof. Houston and Rev. Watson have given delightful entertainment at the social meetings with readings. Victor Tate has also added pleasure to these occasions with solos.

The Washington-Lincoln meeting was held with Miss Mat Williams on last Friday evening. The decorations with the National flags were in keeping with patriotic program which consisted of National airs, an address by Judge Bethurum, readings from a "Perfect Tribute" by Miss McCord, and a paper by Mrs. Watson on Colonial and Present Day Women—a contrast. The costumes of the members emphasized this contrast.

The patriotic colors were carried out in the dainty refreshments served.

A vote of thanks was extended to the Town Board for the street lights that are being installed.

Many of the plans of the Club have been perfected and the consumation of other work will be carried into effect as soon as possible.

TORTURED FOR 15 YEARS by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer". Whatever I ate distressed me," he wrote, "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. Its surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed Only 50c at Chas. C. Davis.
